

## **HSBC Global Private Banking Video Script**

HSBC Global Private Banking unlocks opportunities that match your limitless aspirations, in one of the world's fastest growing large economies, and beyond.

But who can truly equip you to thrive when the world is your stage? Only a partner who understands you.

HSBC's one-hundred-and-seventy-year legacy in India, financial strength, as well as global scale, gives us an unparalleled edge in serving your wealth, financing, and corporate banking needs, while preparing your future generations to thrive.

We, at HSBC Global Private Banking, work with you to optimise your wealth creation, by giving you access to a full suite of investment products and wealth solutions. Not only in India, but also from financial centres around the world.

And just how does our global expertise open newer possibilities of growth for you and your business?

Our specialists in the Global Insights team connect you to opportunities that are relevant for you. Our customised lending solutions help you access liquidity, and our investment approach manages risk by encouraging portfolio diversification, requiring that each of our recommendations be rigorously assessed for suitability in meeting your needs.

As you push the boundaries of your ambitions, we are here to support you.
