<sup>1</sup>Repo Rate linked Lending Rate (RLLR) is an external benchmark linked lending rate for mortgage loans. Repo Rate or the repurchase rate is the rate at which Central Bank (Reserve Bank of India) lends money to banks for short term. Repo Rate is normally reviewed by the Monetary Policy Committee at intervals of two months as part of the monetary policy review. Repo rate is published by RBI.

- HSBC'S RLLR would be linked to RBI's published repo rate rounded off to the nearest 5 bps
- The RLLR will be published by the Bank at the beginning of every month, and it will be the benchmark rate for RLLR linked Home Loans that are disbursed in that particular month
- Rate of Interest for mortgage linked to the RLLR will be RLLR plus the margin (spread) as determined by the Bank from time to time and will be reset when there is a change in the policy repo rate by RBI and consequently the RLLR
- The rate of interest reset will be done by the 7th calendar day of the following month from RBI's announcement of change in Repo Rate
- The margin charged to you will not be increased throughout the tenure of the loan, except on account of deterioration in the credit risk profile of the borrower
- The revised Rate of Interest will be notified to you within the prescribed regulatory timeframe by SMS, or E-mail or letter as per the Bank's prevailing policy

**Example:** A RLLR Linked Home Loan disbursed during Month 1 will be benchmarked against the RLLR of Month 1. If the repo rate is changed by the RBI in Month 1, the interest will be reset in Month 2 against the revised RLLR at the beginning of Month 2 (by the 7th calendar day of Month 2). If the repo rate is changed by the RBI in Month 2, the interest will be reset in Month 3 against the revised RLLR at the beginning of Month 3 (by the 7th calendar day of Month 3).

<sup>2</sup>The interest rate on your Floating Rate Home Loan is linked to HSBC Group Lending Rate (HGLR) and any revision in the HGLR will impact your interest rate. HSBC shall have the discretion to revise the HGLR from time to time.

<sup>3</sup>Home Loan for Under-construction property is disbursed in tranches and the Interest will levied on the loan amount disbursed till the time property is completed or till 3 years from the date of disbursal of the first tranche, whichever is earlier. Upon completion of the property or post 3 years from the date of first disbursement the monthly installment of Pre EMI will be converted to EMI comprising of principal and interest on the loan amount sanctioned.

<sup>4</sup>If the loan is disbursed between 1st and 15th of a month, the monthly EMI due date will be the 1st of every month. If the loan is disbursed between 16th and 31st of a month, the monthly EMI due date will be the 15th of every month.

- 2.2 A revision in the applicable Rate of Interest would typically lead to a revision in the Home Loan tenure and the EMI would remain constant, however the Bank still reserves the right to change the loan EMI or tenor or combination of both. In case of Interest servicing loan, revision in the Rate of Interest would lead to revision in the Pre-EMI Amount only.
- 2.3 The revised Rate of Interest EMI and tenure will be notified to you within the prescribed regulatory timeframe by SMS, or E-mail or letter as per the Bank's prevailing policy.
- 2.4 Interest on your loan accrues on a daily basis on the total outstanding balance on that day and is compounded and will be payable monthly on EMI dates.   - The pricing for the fixed rate loans is expected to be higher than the floating rate loans. # Schedule I

## Applicable to Smart Home Credit Facility (SHCF)

### I Definitions

Following definitions will be added to the Article 1A of the Agreement.

1. **'Limit Outstanding'** means the principal portion (limit defined on system) that is outstanding as of that day. This is not inclusive of any interest or principal portion of the ledger balance that is overdue for payment. The limit is reduced on monthly basis in line with the principal payment expected.

Following definitions will be added to the Article 1A of the Agreement

2. **'Non-utilisation/Commitment Fee'** means in the event if the Excess Funds in the SHCF account are more than 25% of the SHCF sanctioned amount ('Threshold limit'), then the Bank may at its sole discretion charge a Non-utilisation/Commitment fee as more particularly mentioned in the Annexure A herein on the balance amount maintained over and above the Threshold limit.
3. **'SHCF Account'** means the Current Account opened in the name of the Borrower(s) by the Bank.
0. **'Smart Home Credit Facility'** (SHCF) means a type of Home Loan being offered to the Borrower(s) under this Agreement and on the terms and conditions set out hereinafter, including the terms and conditions set out in Schedule herein and Annexure A hereunder.

### II Interest

1. Equated Monthly Instalment (EMI) and interest calculation - the EMI of the Home Loan is calculated based on 372 days in a year. The interest will be computed on the outstanding ledger balance on a monthly basis on the actual number of days. The Principal amount will be the difference between the EMI and the interest amount calculated for the month.
2. Interest recovery - The interest will be computed based on the outstanding ledger balance on monthly basis. This interest amount will be debited to the SHCF account itself thereby recovering the interest component of the EMI. Excess funds over and above the EMI deposited by the Borrower(s) into the account ('Excess Fund') will result in saving of interest as the account will compute interest only on the net debit/ledger balance on a daily basis. This interest offset enables the customer to reduce the interest paid and thereby resulting in a reduced tenure of the SHCF. If the Borrower(s) had not deposited any funds into the SHCF account for EMI recovery, then the interest debited will show as an unauthorised overdraft and the account will be shown as a delinquent account. The Normal Interest Rate and the unauthorised overdraft Interest Rate on the account will be kept the same procedurally and no additional (penal) interest will be levied.

Notwithstanding anything contained herein above in the event the Excess Fund in the SHCF account is more than the 'Threshold Limit' then the Bank may at its sole discretion charge Non-utilisation/Commitment fee as particularly mentioned in Annexure A herein.

The Borrower(s) acknowledges that the Bank has discretion to change Non-utilisation/Commitment fee or 'Threshold Limit' basis internal review with prior notification to the customer.

Excess funds over and above the EMI deposited by the customer into the account ("Excess Fund") will result in saving of interest as the account will compute interest only on the net debit/ledger balance on a daily basis. This interest offset enables the customer to reduce the interest paid and thereby resulting in a reduced tenure of the SLCF. It will be reset against the RLLR published by the Bank in the month of reset. The reset will be done by the 7th calendar day of the month (refer Example below).
